SUBJECT: Request for Military Detailees - Teletypists

1. Paragraph three contains a request for your consideration.

2. The FBIS Communications Center [REDACTED] operates on a continuous basis, receiving foreign broadcast information from its bureaus 24 hours a day and disseminating this information to a host of government consumers as well as CIA analysts. The Communications Center currently has 5 teletype operator positions vacant out of 15. It is vital that these vacancies be filled in order to insure the continued full performance functioning of the Communications Center. The recent hiring freeze has made it impossible to estimate when any of the 4 applicants in process can be brought on board for these positions.
